On behalf of School of Mathematical Sciences,Beijing Normal University,
it is our great honor and pleasure to invite you to visit my university
from Nov 4, 2018 to Nov 10, 2018. I hope to discuss some problems and with
you on the research topic in harmonic analysis, which we have common
interests.
We will provide office space and access to necessary facilities including
library privileges and a computer account for you during your visiting
time. It is very nice of you if you will give a talk concerning multilinear
operators during your stay in my university. I hope to discuss some
problems with you soon.
We will cover your flight tickets (economic class only),and the local fees
for you, such like the local traffic fee,etc. Could you please let me know
whether you can accept our invitation or not as soon as possible?
We are looking forward to your acceptance and looking forward to seeing
you soon in Beijing.

Sincerely yours,
